Features

- No setup fee
- Less fees than leading competitors
- Marketing Included - eListings, news, blogging & social media
- Get paid the next business day for sales
- We do NOT markup your menu prices like leading competitors

Process & Benefits

eOrderSTL - online ordering that helps market your establishment using Google News, social media & YouTube.

1. Sales proceeds are deposited into your bank account the next business day
2. Commissions are 15% paid each week for the previous week's sales
3. St. Louis Restaurant Directory
4. Local support

Summary

Unlike the major online-ordering providers, we offer something they can't; St. Louis Restaurant Review. We will use our network to promote your establishment. Unlimited blogging is available on St. Louis Restaurant Directory.

In addition, it will be shared on Facebook, Twitter, Pinterest, and Instagram.

What are eListings?

eListings is an online directory management program. We will claim and manage more than 25 online business listings, including;

Closing

eListings are included in the FREE setup. Our setup and strategy are designed to help drive business to your establishment and online ordering platform. The more orders we bring to you, the more money we both make.

We charge substantially less than the leading online ordering platforms, plus we provide digital marketing strategies to help promote your online ordering platform.

- **Save money** - eOrderSTL will save you up to 50% in fees compared to major online ordering providers
- **Increase sales** with aggressive digital marketing using Google News, News Break App, social media, blogging, and more.
